

# **ABIM Maintenance of Certification (MOC) Learning Sessions**

**Friday, October 26, 2018  
CU Anschutz Medical Campus  
Aurora CO**

**SPACE IS LIMITED - REGISTRATIONS BASED UPON AVAILABILITY.**

We are pleased to provide internist and subspecialist attendees with the opportunity to earn credit toward renewing their certificates through ABIM's MOC program. Participants will need to be present for the ABIM MOC learning sessions on October 26<sup>th</sup>, 2018.

These interactive sessions will present five modules: **2018-2019 Update in Internal Medicine, 2018-2019 Update in Hospital Medicine.** Each module will be conducted in about 2 hours time. After these sessions, ABIM-certified physicians will be able to complete the ABIM MOC medical knowledge modules at home and earn 20 points (if both modules completed – 10 points per module) toward the Self-Evaluation of Medical Knowledge requirement within the Maintenance of Certification program.

Maintenance of Certification promotes lifelong learning and the enhancement of the clinical judgment and skills essential for high quality patient care. Now every 2 years, internists and subspecialists certified in or after 1990 renew their certificates through ABIM's Maintenance of Certification program. Those certified prior to that date are strongly urged to participate since the program helps improve the quality of care delivered to patients.

**Note: You must be enrolled in ABIM's Maintenance of Certification program to submit completed medical knowledge modules for scoring, feedback reports, and eligibility to receive Maintenance of Certification and CME credit.** For additional information about the ABIM Maintenance of Certification program requirements, visit [www.abim.org](http://www.abim.org) or call the ABIM Contact Center, 800-441-ABIM, extension 3598. To enroll in Maintenance of Certification go to your password-protected "Home Page" in the Physician Login section of [www.abim.org](http://www.abim.org).

**Faculty: Manuel Diaz, MD & Jonathan Pell, MD**
